Custom Capabilities: Shop Services - Product Offering

With state of the art manufacturing equipment, INTEX has the ability to precisely cut and mill PVC component parts to exact specification. Dependant upon the design, these components may further be assembled to provide either "sub-assemblies or finished goods". Many standard products can be modified for custom look with minimal cost impact.

PVC Column Wraps are now located in the Column Wraps & Posts Section.

INTEX Millwork Solutions Pergola Systems are as strong as they are beautiful, and designed for a secure, easy pergola installation. Our cellular PVC pergola components are sleeved over structural aluminum internal reinforcements to provide strength and durability.

- ◆ Aluminum reinforced cellular PVC components
- ◆ Complete bracket system for easy installation
- ◆ Low-Maintenance
- ◆ Cellular PVC components will not rot, warp, crack or peel
- ◆ Aluminum reinforcements and brackets will not rust or corrode
- ◆ Quality stainless steel screws and fasteners will not rust or bleed onto the structure
- ◆ Pergola Systems engineered to meet International Building Code available
- ◆ Multiple standard pergola tail designs to choose from

Visit intexmillwork.com – web-based pergola configurator to customize and price your next project.

Classic Kit –

The Classic Kit is an economical pergola system designed for small backyard projects. The Classic Kit provides a solution for your freestanding or attached to structure pergola project.

Classic Kit Support Specifications

Boston Gutter System

Better than wood and historically accurate gutter system.

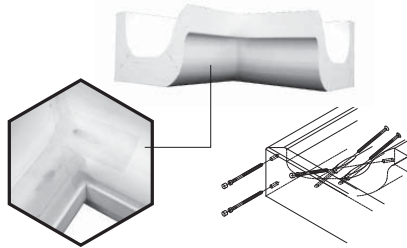

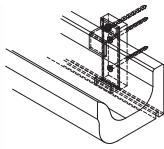

The PVC Boston Gutter System offers the full aesthetic appeal of wood with strength and durability, but it weighs less and has more carrying capacity of a standard wood gutter. PVC is easy to install, with no special tools required. With no painting, no oiling, no worrying, the Boston Gutter System is a low-maintenance system.

- ◆ Extruded Cellular PVC
- ◆ Full Aesthetic Appeal of Wood
- ◆ Tested and Engineered by Independent Lab
- ◆ Available in 10' and 20' Lengths
- ◆ 90° Splice Kits For Inside and Outside Corners and 180° Splice Kits
- ◆ End Cap Kits
- ◆ Downspout Outlet Kits
- ◆ Bracket System to Hang & Float Gutter
- ◆ All Seams Utilize 3M VHB Seals
- ◆ Can be Painted (LRV Greater Than 55)
- ◆ Actual Gutter Dimension 5-3/8" x 3-1/2"

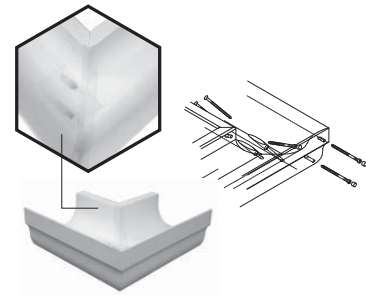

The Boston Gutter System was designed as a "System". All the components required to properly install the Boston Gutter System are available as accessory kits.

Items priced in *italics* are factory order – please allow additional lead time.

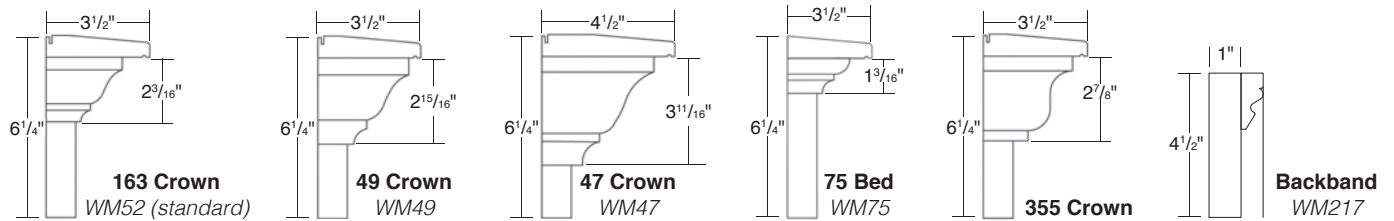

INTEX Window Surrounds are manufactured from 100% cellular PVC board stock, and are milled for a precise fit around any window size and style. In addition to the multitude of "standard" shapes and profiles available, custom surrounds designed to your unique specifications, whether for new construction or restoration, are always readily manufactured for your job. Surrounds can be ordered fully assembled or as a kit for assembly on site. All INTEX surrounds are securely packaged and shrink wrapped to arrive clean and free from damage.

Window Surrounds

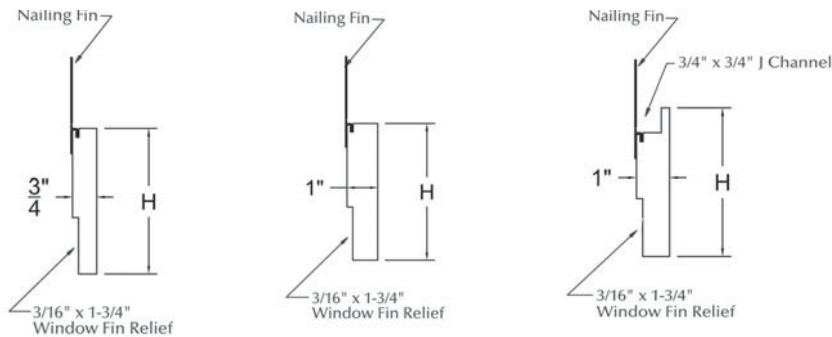

All INTEX Window Surrounds are manufactured to your design specifications. To fit a new window unit installation or to retro-fit an existing window.

Pediment Mouldings

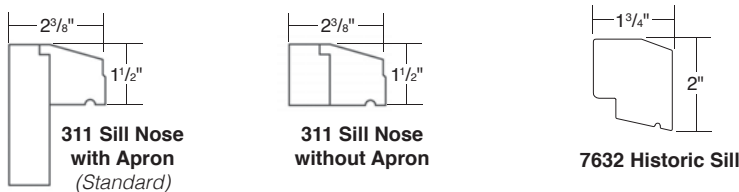

Head & Side Casing Profiles

Sill Options

All window surrounds are factory orders – Please allow additional lead time.

HAAS Architectural Millwork is committed to manufacturing the highest quality urethane millwork solutions for the building industry. If you can dream it and design it, HAAS can make it.

IN STOCK Haas Architectural Millwork:

- Moulding
- Balustrades
- Railings
- Entrance Trim
- Gable Decorations
- Louvers
- Pediment Heads
- Ceiling Medallions
- Rosettes
- Brackets

The edges of Haas Architectural Millwork products have a sharp, clean look and offer the true authentic look of wood, but will not rot. All products come factory primed and will hold paint better than wood. They can be finished with any high quality exterior latex paint. The water based product line is environmentally friendly.

Including the collection of in stock material, the Haas Master Patternmakers are able to create custom pieces of millwork for your next project. For Special Order custom millwork designs or sizes, please contact the BROSCO Special Order Department for pricing.
