Because Every Home Tells a Story

Character. It's what Atlantic Premium Shutters create, one home at a time, to deliver a memorable touch that reflects your style. It's our goal to help fulfill your inspiration with designs that tell your home's story; a home that's artistic and inviting, stately and polished, warm and exuberant.

Adapting to any place, era and type of architecture, the sophisticated designs and rich colors of Atlantic Premium Shutters provide enchanting detail. Atlantic Premium Shutters are historically accurate and architecturally correct – qualities instilled through hand-crafting to honor time-tested form and function.

Season after season, year after year, Atlantic Premium Shutters tell the elegant story of your home.

ProSeries Shutters

ProSeries Shutters are hand-assembled from exterior-grade composite wood components that will not rot, bend, crack or split. Design details complete the front and back of each shutter. Corners and joints are true and square with tongue & groove construction that provides superior strength. Each ProSeries shutter is machine-sanded and primed with a single coat of marine-grade primer. ProSeries shutters can be installed in a fixed or operable application.

Architectural Collection

The shutters of the Architectural Collection are designed to provide the ultimate refinement. Using an innovative mix of advanced, high-quality materials, these shutters deliver a lifetime of elegant, low-maintenance sophistication. The fully-functional shutters of the Architectural Collection are comprised of Raised Panel, Louvered, Combination and Bahama styles. These shutters are historically-accurate and have been approved by numerous historical districts and preservation societies.

Classic Collection

Classic Collection shutters offer a touch of grace and distinction to any home, showcasing handsome texture and brilliant color. Skillfully handcrafted, these shutters are available in the popular Raised Panel, Closed Louver and Board and Batten designs. Classic Collection styles can be installed as either operable or fixed shutters. Their advanced composite construction delivers beauty that endures year after year. A wealth of options are available to deliver a personalized touch.
